Sir Edward Dunlop

AC KI CMG OBE KCSJ MD BS MS FRCS FRACS FACS

Sir Edward 'Weary' Dunlop is one of Australia's most celebrated heroes. An inspirational and compassionate leader, he was greatly admired and respected for his care of fellow POWs during World War II. He was knighted for his tireless lifelong work and public advocacy in striving to improve the health and wellbeing of veterans.

Foundation

The Sir Edward Dunlop Medical Research Foundation is a not-for-profit organisation dedicated to improving the health of veterans through medical research.

The Foundation was established in 1985 and is committed to building a body of knowledge and expertise that will significantly benefit the veteran community and our ageing population. So far the Foundation has granted researchers funds totalling more than \$2 million.

Symbols

The Foundation's inaugural Symposium logo depicts the different arms of the Australian Defence Force.

Concept

The Sir Edward Dunlop Medical Research Foundation Symposium 2005 brings together leading experts from the medical community, academia, Australian Defence Force, Department of Veterans' Affairs and other agencies to discuss and explore health issues impacting on serving personnel and the veteran community.

Objectives

- Improve the medical and health care of veterans
- Promote the exchange of knowledge and awareness
- Bring together various national and regional groups and organisations that have an interest in veterans' health

Date and Venue

The Symposium will be held on Friday 4 November 2005 at the Duxton Hotel, 328 Flinders Street, Melbourne VIC 3000
